DRILL BITS

SDS MAX

SDS MAX Drill bit with SDS MAX shank

SDS Max drills are designed for big rotary hammers in professional use. The hardened shaft is made of high class tempering steel. This ensures the drill a long durability against wearing. The shape of the flute is optimized to remove the drilling dust effectively. A precise attachment of the carbide tip in the body is done with bronze soldering. Dimensions Ø 12 - 15 mm are with 2-cutting tip and dimensions Ø 16 - 40 mm are with 4-cutting tip.
